

VT Mobile

Exciting new Web Application for Mobile Phones from FlexTime

VT Mobile offers multiple features that operate with the VisionTime system such as:

- Whos In? - from a location outside your building, now you can know instantly who is present in the event of an emergency - or just to know "Whos in?" for work.
- Recording time worked – employees can clock in/out of work from any location
- Requests for Time Off – can be made via new mobile request forms
- Job & Location Timing – employee can record time spent on jobs or at locations
- Business Absence recording

On the move with VT Mobile

- Works on any type of smart phone, e.g., iPhone, Android, Windows Phone
- Works on line so everything is instant
- No need to load the app on the phone itself – therefore no worries about phone upgrades, type of phone, etc.

With VT Mobile users just access the clocking page on their Mobile Phone and chooses to clock in or out and/or to select a job or location. Each action is transferred immediately in real time to the VisionTime server.

VT Mobile allows those at HQ to see if the employee is at work and on what job or at which location. VT Mobile is ideal for fieldworkers, sales staff, mobile workers and generally for any staff on the move.

VT Mobile

Mobile phone

Tablet

PC

Touch screen

Time terminal

Swipe card at door (RFID)

Biometrics

As well as recording time on mobile phone employees can also use and move between any of our other clocking devices

Employees can ask for time off at their mobile phones using the request form facility

A screenshot of a software interface titled "Correction Details (100)". It contains several sections: "Employee Information" with fields for Name (A Hayes), Employee No. (3), Current Status, Start date (17/06/2009), and End date (17/06/2009). Below this is a "Type" section with radio buttons for "Correction" (selected) and "Preplanned Absence". The "Reason" and "Codes" sections both have dropdown menus labeled "SELECT FROM BELOW". The "Pay Rate" section shows a list of rates: Bereavement 1/2 AM, Bereavement 1/2 PM, Cert Sick P 1/2 AM, Cert Sick P 1/2 PM, Cert Sick Paid, Dentist, Doctor, Forgotten Key, Holiday 1/2 Day AM, Holiday 1/2 Day PM, Holidays, Hospital Leave, Key in 1/2 Day AM, Long Term Sick, Maternity Leave, Not Clocking, Not Due In, and Special 1/2 Day AM. The "Submission date" is 17/06/2009, and the "Comments" field is empty.

VT Mobile is excellent for employees on the move and also for your safety concerns about who is on the premises at any time.
